

## Cookie Notice

Welcome to the Opendatasoft Cookie Notice, covering:

<https://ssentransmission.opendatasoft.com/>

It applies to information collected and used by Opendatasoft. This information is collected through instruments known as Cookies and various other technologies, collectively referred to in this Cookie Notice as 'Cookies'.

Please review this Cookie Notice and our [Privacy Notice](#).

Please be aware that this Cookie Notice and our cookie management tool do not apply to the main SSEN Transmission website which has its own 'Privacy Preference Centre' and corresponding Cookie Notice.

In order to provide you with the best service possible, we use cookies to ensure it functions properly, and to perform web analytics.

### What are cookies?

Cookies are small text files transferred and stored by your web browser to your computer or mobile device when you visit or use a website. Cookies allow websites to recognise your device and store some information about your preferences or past actions.

Cookies can be considered as 'first party' or 'third party' Cookies depending on the domain that places them. First party Cookies are Cookies set by a website visited by the user. Third party Cookies are set by a domain other than that of the website visited by the user, so if a user visits a website and a third-party organisation sets a Cookie through that website, this would be a third-party Cookie.

Cookies can also be considered as 'persistent' or 'session' Cookies depending on their duration. Persistent Cookies remain on a user's device for the time specified in those Cookies. They are activated every time that user visits the website that created the Cookies, until the Cookies expire or are disabled by the user. Session Cookies allow the actions of a user to be linked during a single browsing session. A session starts when a user opens a browser window and ends when the browser window is closed, following which all session Cookies are deleted.

### Why do we use cookies?

We use cookies or other similar technologies to collect information about the device you have used to access our website (including the make, model and operating system, IP address, browser type and mobile device

identifiers) so we can provide essential features.

They are set in response to actions made by you that amount to a request for services, such as setting your privacy preferences, logging in or filling in forms and are 'Strictly Necessary' for our website to function and cannot be switched off in our systems.

You can set your browser to block or alert you about these cookies, but then some parts of the site will not work.

## Managing cookies

If you wish to change your cookie settings generally, you can delete cookies stored on your computer at any time via your browser settings.

- Internet Explorer
- Microsoft Edge
- Chrome
- Firefox
- Safari
- Opera

## Who should I contact with a question or complaint?

If you would like to contact us in relation to your rights or if you are unhappy with how we've handled your information, you may contact us by sending a letter or email:

Address: SSEN Transmission Risk & Assurance, 1st Floor, Grampian House, Dunkeld Road, Perth PH1 3AQ

Email: [TransmissionDataProtection@sse.com](mailto:TransmissionDataProtection@sse.com)

If you would like to contact our our Data Protection Officer, you may do so using the following details:

Address: Data Protection Officer, No. 1 Forbury Place, 43 Forbury Road, Reading, RG1 3JH

Email: [GroupDPO@sse.com](mailto:GroupDPO@sse.com)

This notice was last updated on 30 October 2023.
